About This Game

In this Arcade style shoot em up, you are Sylvester, a heroic humanoid from Beast Modon. With non-stop, pulse pounding action and a plethora of ways to take out your enemies with ballistic, explosive and energy-based weapons, Beast Mode is On. Don't forget to use your points to make your ship stronger, or else survival in the more challenging difficulties you unlock after each playthrough is but a lost cause.

- 30 weapons to take out your enemies
- Unique Floor Slam ability that breaks down walls and destroys certain enemies
- Upgrade your ship from the pause menu, utilizing the points you earn after each stage
- Take out your enemies by learning vantage points and keeping others from overwhelming you
- Level-specific secrets and Easter Eggs to find
- Booty-shaking soundtrack
- Generous replay value, with 4 difficulty levels that get more punishing as you earn
- Immersive story complete with in-game cut scenes and voice acting, not akin to standard Shoot 'Em Ups

Oh my, this game is deffinitely an odd one. The levels are themed and remind one of retro style level design where eventually you have to ask the question "Why am I here fighting a chalkboard eraser?" The gameplay is simple but the challenge curve can be brutal. I was used to level systems that allow you to overpower yourself, but playing this game on easy lets you know just how soft you've become with the big tittle games. I enjoy the game, but haven't beaten it yet. Overall it's a great way to spend a few hours working up a furry before you relax kinda like dark souls and R-Type combined.
